

Public Law 102-556  
102d Congress

An Act

To protect the public interest and the future development of pay-per-call technology by providing for the regulation and oversight of the applications and growth of the pay-per-call industry, and for other purposes.

Oct. 28, 1992  
[H.R. 6191]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

**SECTION 1. SHORT TITLE, FINDINGS.**

(a) **SHORT TITLE.**—This Act may be cited as the “Telephone Disclosure and Dispute Resolution Act”.

(b) **FINDINGS.**—The Congress finds the following:

(1) The use of pay-per-call services, most commonly through the use of 900 telephone numbers, has grown exponentially in the past few years into a national, billion-dollar industry as a result of recent technological innovations. Such services are convenient to consumers, cost-effective to vendors, and profitable to communications common carriers.

(2) Many pay-per-call businesses provide valuable information, increase consumer choices, and stimulate innovative and responsive services that benefit the public.

(3) The interstate nature of the pay-per-call industry means that its activities are beyond the reach of individual States and therefore requires Federal regulatory treatment to protect the public interest.

(4) The lack of nationally uniform regulatory guidelines has led to confusion for callers, subscribers, industry participants, and regulatory agencies as to the rights of callers and the oversight responsibilities of regulatory authorities, and has allowed some pay-per-call businesses to engage in practices that abuse the rights of consumers.

(5) Some interstate pay-per-call businesses have engaged in practices which are misleading to the consumer, harmful to the public interest, or contrary to accepted standards of business practices and thus cause harm to the many reputable businesses that are serving the public.

(6) Because the consumer most often incurs a financial obligation as soon as a pay-per-call transaction is completed, the accuracy and descriptiveness of vendor advertisements become crucial in avoiding consumer abuse. The obligation for accuracy should include price-per-call and duration-of-call information, odds disclosure for lotteries, games, and sweepstakes, and obligations for obtaining parental consent from callers under 18.

(7) The continued growth of the legitimate pay-per-call industry is dependent upon consumer confidence that unfair and deceptive behavior will be effectively curtailed and that consumers will have adequate rights of redress.

(8) Vendors of telephone-billed goods and services must also feel confident in their rights and obligations for resolving

billing disputes if they are to use this new marketplace for the sale of products of more than nominal value.

## TITLE I—CARRIER OBLIGATIONS AND CONSUMER RIGHTS CONCERNING PAY-PER-CALL TRANSACTIONS

### SEC. 101. AMENDMENT TO COMMUNICATIONS ACT OF 1934.

Title II of the Communications Act of 1934 is amended by adding at the end thereof the following new section:

47 USC 228.

### “SEC. 228. REGULATION OF CARRIER OFFERING OF PAY-PER-CALL SERVICES.

“(a) PURPOSE.—It is the purpose of this section—

“(1) to put into effect a system of national regulation and review that will oversee interstate pay-per-call services; and

“(2) to recognize the Commission’s authority to prescribe regulations and enforcement procedures and conduct oversight to afford reasonable protection to consumers of pay-per-call services and to assure that violations of Federal law do not occur.

“(b) GENERAL AUTHORITY FOR REGULATIONS.—The Commission by regulation shall, within 270 days after the date of enactment of this section, establish a system for oversight and regulation of pay-per-call services in order to provide for the protection of consumers in accordance with this Act and other applicable Federal statutes and regulations. The Commission’s final rules shall—

“(1) include measures that provide a consumer of pay-per-call services with adequate and clear descriptions of the rights of the caller;

“(2) define the obligations of common carriers with respect to the provision of pay-per-call services;

“(3) include requirements on such carriers to protect against abusive practices by providers of pay-per-call services;

“(4) identify procedures by which common carriers and providers of pay-per-call services may take affirmative steps to protect against nonpayment of legitimate charges; and

“(5) require that any service described in subparagraphs (A) and (B) of subsection (i)(1) be offered only through the use of certain telephone number prefixes and area codes.

“(c) COMMON CARRIER OBLIGATIONS.—Within 270 days after the date of enactment of this section, the Commission shall, by regulation, establish the following requirements for common carriers:

“(1) CONTRACTUAL OBLIGATIONS TO COMPLY.—Any common carrier assigning to a provider of pay-per-call services a telephone number with a prefix or area code designated by the Commission in accordance with subsection (b)(5) shall require by contract or tariff that such provider comply with the provisions of titles II and III of the Telephone Disclosure and Dispute Resolution Act and the regulations prescribed by the Federal Trade Commission pursuant to those titles.

“(2) INFORMATION AVAILABILITY.—A common carrier that by tariff or contract assigns a telephone number with a prefix or area code designated by the Commission in accordance with

subsection (b)(5) to a provider of a pay-per-call service shall make readily available on request to Federal and State agencies and other interested persons—

“(A) a list of the telephone numbers for each of the pay-per-call services it carries;

“(B) a short description of each such service;

“(C) a statement of the total cost or the cost per minute and any other fees for each such service;

“(D) a statement of the pay-per-call service’s name, business address, and business telephone; and

“(E) such other information as the Commission considers necessary for the enforcement of this section and other applicable Federal statutes and regulations.

“(2) COMPLIANCE PROCEDURES.—A common carrier that by contract or tariff assigns a telephone number with a prefix or area code designated by the Commission in accordance with subsection (b)(5) to a provider of pay-per-call services shall terminate, in accordance with procedures specified in such regulations, the offering of a pay-per-call service of a provider if the carrier knows or reasonably should know that such service is not provided in compliance with title II or III of the Telephone Disclosure and Dispute Resolution Act or the regulations prescribed by the Federal Trade Commission pursuant to such titles.

“(3) SUBSCRIBER DISCONNECTION PROHIBITED.—A common carrier shall not disconnect or interrupt a subscriber’s local exchange telephone service or long distance telephone service because of nonpayment of charges for any pay-per-call service.

“(4) BLOCKING AND PRESUBSCRIPTION.—A common carrier that provides local exchange service shall—

“(A) offer telephone subscribers (where technically feasible) the option of blocking access from their telephone number to all, or to certain specific, prefixes or area codes used by pay-per-call services, which option—

“(i) shall be offered at no charge (I) to all subscribers for a period of 60 days after the issuance of the regulations under subsection (b), and (II) to any subscriber who subscribes to a new telephone number until 60 days after the time the new telephone number is effective; and

“(ii) shall otherwise be offered at a reasonable fee; and

“(B) offer telephone subscribers (where the Commission determines it is technically and economically feasible), in combination with the blocking option described under subparagraph (A), the option of presubscribing to or blocking only specific pay-per-call services for a reasonable one-time charge.

The regulations prescribed under subparagraph (A)(i) of this paragraph may permit the costs of such blocking to be recovered by contract or tariff, but such costs may not be recovered from local or long-distance ratepayers. Nothing in this subsection precludes a common carrier from filing its rates and regulations regarding blocking and presubscription in its interstate tariffs.

“(5) VERIFICATION OF CHARITABLE STATUS.—A common carrier that assigns by contract or tariff a telephone number

with a prefix or area code designated by the Commission in accordance with subsection (b)(5) to a provider of pay-per-call services that the carrier knows or reasonably should know is engaged in soliciting charitable contributions shall obtain from such provider proof of the tax exempt status of any person or organization for which contributions are solicited.

“(6) BILLING FOR 800 CALLS.—A common carrier shall prohibit by tariff or contract the use of any 800 telephone number, or other telephone number advertised or widely understood to be toll free, in a manner that would result in—

“(A) the calling party being assessed, by virtue of completing the call, a charge for the call;

“(B) the calling party being connected to a pay-per-call service;

“(C) the calling party being charged for information conveyed during the call unless the calling party has a preexisting agreement to be charged for the information or discloses a credit or charge card number during the call; or

“(D) the calling party being called back collect for the provision of audio information services or simultaneous voice conservation services.

“(d) BILLING AND COLLECTION PRACTICES.—The regulations required by this section shall require that any common carrier that by tariff or contract assigns a telephone number with a prefix or area code designated by the Commission in accordance with subsection (b)(5) to a provider of a pay-per-call service and that offers billing and collection services to such provider—

“(1) ensure that a subscriber is not billed—

“(A) for pay-per-call services that such carrier knows or reasonably should know was provided in violation of the regulations issued pursuant to title II of the Telephone Disclosure and Dispute Resolution Act; or

“(B) under such other circumstances as the Commission determines necessary in order to protect subscribers from abusive practices;

“(2) establish a local or a toll-free telephone number to answer questions and provide information on subscribers' rights and obligations with regard to their use of pay-per-call services and to provide to callers the name and mailing address of any provider of pay-per-call services offered by the common carrier;

“(3) within 60 days after the issuance of final regulations pursuant to subsection (b), provide, either directly or through contract with any local exchange carrier that provides billing or collection services to the common carrier, to all of such common carrier's telephone subscribers, to all new subscribers, and to all subscribers requesting service at a new location, a disclosure statement that sets forth all rights and obligations of the subscriber and the carrier with respect to the use and payment for pay-per-call services, including the right of a subscriber not to be billed and the applicable blocking option; and

“(4) in any billing to telephone subscribers that includes charges for any pay-per-call service—

“(A) display any charges for pay-per-call services in a part of the subscriber’s bill that is identified as not being related to local and long distance telephone charges;

“(B) for each charge so displayed, specify, at a minimum, the type of service, the amount of the charge, and the date, time, and duration of the call; and

“(C) identify the toll-free number established pursuant to paragraph (2).

“(e) LIABILITY.—

“(1) COMMON CARRIERS NOT LIABLE FOR TRANSMISSION OR BILLING.—No common carrier shall be liable for a criminal or civil sanction or penalty solely because the carrier provided transmission or billing and collection for a pay-per-call service unless the carrier knew or reasonably should have known that such service was provided in violation of a provision of, or regulation prescribed pursuant to, title II or III of the Telephone Disclosure and Dispute Resolution Act or any other Federal law. This paragraph shall not prevent the Commission from imposing a sanction or penalty on a common carrier for a violation by that carrier of a regulation prescribed under this section.

“(2) CIVIL LIABILITY.—No cause of action may be brought in any court or administrative agency against any common carrier or any of its affiliates on account of any act of the carrier or affiliate to terminate any pay-per-call service in order to comply with the regulations prescribed under this section, title II or III of the Telephone Disclosure and Dispute Resolution Act, or any other Federal law unless the complainant demonstrates that the carrier or affiliate did not act in good faith.

“(f) SPECIAL PROVISIONS.—

“(1) CONSUMER REFUND REQUIREMENTS.—The regulations required by subsection (d) shall establish procedures, consistent with the provisions of titles II and III of the Telephone Disclosure and Dispute Resolution Act, to ensure that carriers and other parties providing billing and collection services with respect to pay-per-call services provide appropriate refunds to subscribers who have been billed for pay-per-call services pursuant to programs that have been found to have violated this section or such regulations, any provision of, or regulations prescribed pursuant to, title II or III of the Telephone Disclosure and Dispute Resolution Act, or any other Federal law.

“(2) RECOVERY OF COSTS.—The regulations prescribed by the Commission under this section shall permit a common carrier to recover its cost of complying with such regulations from providers of pay-per-call services, but shall not permit such costs to be recovered from local or long distance rate-payers.

“(3) RECOMMENDATIONS ON DATA PAY-PER-CALL.—The Commission, within one year after the date of enactment of this section, shall submit to the Congress the Commission’s recommendations with respect to the extension of regulations under this section to persons that provide, for a per-call charge, data services that are not pay-per-call services.

“(g) EFFECT ON OTHER LAW.—

“(1) NO PREEMPTION OF ELECTION LAW.—Nothing in this section shall relieve any provider of pay-per-call services, com-

mon carrier, local exchange carrier, or any other person from the obligation to comply with Federal, State, and local election statutes and regulations.

“(2) CONSUMER PROTECTION LAWS.—Nothing in this section shall relieve any provider of pay-per-call services, common carrier, local exchange carrier, or any other person from the obligation to comply with any Federal, State, or local statute or regulation relating to consumer protection or unfair trade.

“(3) GAMBLING LAWS.—Nothing in this section shall preclude any State from enforcing its statutes and regulations with regard to lotteries, wagering, betting, and other gambling activities.

“(4) STATE AUTHORITY.—Nothing in this section shall preclude any State from enacting and enforcing additional and complementary oversight and regulatory systems or procedures, or both, so long as such systems and procedures govern intrastate services and do not significantly impede the enforcement of this section or other Federal statutes.

“(5) ENFORCEMENT OF EXISTING REGULATIONS.—Nothing in this section shall be construed to prohibit the Commission from enforcing regulations prescribed prior to the date of enactment of this section in fulfilling the requirements of this section to the extent that such regulations are consistent with the provisions of this section.

“(h) EFFECT ON DIAL-A-PORN PROHIBITIONS.—Nothing in this section shall affect the provisions of section 223 of this Act.

(D) shall not direct such advertisement at children under the age of 12, unless such service is a bona fide educational service;

(F) be prohibited from using advertisements that emit electronic tones which can automatically dial a pay-per-call telephone number;

(G) ensure that, whenever the number to be called is shown in television and print media advertisements, the charges for the call are clear and conspicuous and (when shown in television advertisements) displayed for the same duration as that number is displayed;

(H) in delivering any telephone message soliciting calls to a pay-per-call service, specify clearly, and at no less than the audible volume of the solicitation, the total cost and the cost per minute and any other fees for that service and for any other pay-per-call service to which the caller may be transferred; and

(I) not advertise an 800 telephone number, or any other telephone number advertised or widely understood

to be toll free, from which callers are connected to an access number for a pay-per-call service.

(F) be prohibited from providing pay-per-call services through an 800 number or other telephone number advertised or widely understood to be toll free;

(G) be prohibited from billing consumers in excess of the amounts described in the introductory message and from billing for services provided in violation of the rules prescribed by the Commission pursuant to this section;

(H) ensure that any billing statement for such provider's charges shall—

(i) display any charges for pay-per-call services in a part of the consumer's bill that is identified as not being related to local and long distance telephone charges; and

(8) TREATMENT OF RULES.—A rule issued under this subsection shall be treated as a rule issued under section 18(a)(1)(B) of the Federal Trade Commission Act (15 U.S.C. 57a(a)(1)(B)).

Notwithstanding section 5(a)(2) of such Act (15 U.S.C. 45(a)(2)), communications common carriers shall be subject to the jurisdiction of the Commission for purposes of this title.
