

reservations as set forth in subsections (1), (2), and (3) of section 2 of this Act.

Drainage.

SEC. 6. Unless the Secretary, after notice and opportunity for hearing, shall find that the same is seriously detrimental to the preservation and propagation of the flora or fauna of Everglades National Park, he shall permit such drainage through the natural waterways of the park and the construction, operation, and maintenance of artificial works for conducting water thereto as is required for the reclamation by the State of Florida or any political subdivision thereof or any drainage district organized under its laws of lands lying easterly of the eastern boundary of the park in township 54 south, ranges 31 and 32 east, township 55 south, ranges 32 and 33 east, and township 56 south, range 33 east. He shall grant said permission, however, only after a master plan for the drainage of said lands has been approved by the State of Florida and after finding that the approved plan has engineering feasibility and is so designed as to minimize disruptions of the natural state of the park. Any right-of-way granted pursuant to this section shall be revocable upon breach of the conditions upon which it is granted, which conditions shall also be enforceable in any other appropriate manner, and the grantee shall be obligated to remove its improvements and to restore the land occupied by it to its previous condition in the event of such revocation.

Right-of-way.

Land, etc., exchange.

SEC. 7. The Secretary of the Interior is authorized to transfer to the State of Florida by quitclaim deed the land, water, and interests therein, previously acquired by the United States of America for Everglades National Park and not included within such park by section 1 of this Act, such transfer to be in exchange for the conveyance by the State of Florida to the United States of all land, water, and interests therein, owned by the State within the boundary of the park as described in section 1 of this Act: *Provided*, That exclusion of any land, water, and interests therein from the park boundary pursuant to section 1 of this Act shall be dependent upon the contemporaneous conveyance by the State to the United States of all land, water, and interests therein, owned by the State within the park boundary described in section 1 of this Act, including land, water, and interests therein, heretofore conveyed to the State for transfer to the United States for inclusion in Everglades National Park. The effectuation of the transfer provided for in this section shall be a condition precedent to the acquisition by the Secretary of any land, water, or interests therein held in private ownership within the boundaries set forth in section 1 of this Act and outside the area designated in the Act of October 10, 1949, except as such acquisition is by donation.

Appropriation.

SEC. 8. There are hereby authorized to be appropriated such sums, but not more than \$2,000,000 in all, as are required for the acquisition of land, water, and interests therein held in private ownership within the boundaries of Everglades National Park as fixed by section 1 of this Act and outside the area described in the Act of October 10, 1949.

Approved July 2, 1958.

### AN ACT

To authorize payment for losses sustained by owners of wells in the vicinity of the construction area of the New Cumberland Dam project by reason of the lowering of the level of water in such wells as a result of the construction of New Cumberland Dam project.

July 2, 1958  
[H. R. 2548]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the Secretary of the Army, through the Chief of Engineers, is authorized and directed to compensate the owners of water wells in the vicinity of the New Cumberland Dam project, Ohio River, Ohio, for losses determined by him to have been sustained by reason of the lowering of the level of water in such wells as a result, wholly or partially, of the construction or operation of the New Cumberland Dam project. Losses compensable under this Act shall include, but not be limited to, (1) the expense of improving or replacing the affected wells so that an amount of water equal to the amount previously obtainable from the affected wells will be available to the owners; (2) the expense of maintaining an adequate supply of water pending the completion of the improvement or replacement of the affected wells; and (3) injuries to property resulting from the lack of an adequate supply of water pending the completion of the improvement or replacement of the affected wells.

New Cumberland  
Dam project, Ohio.  
Compensation  
for water wells.

SEC. 2. Claims for losses compensable under this Act shall be submitted to the Secretary of the Army, through the Chief of Engineers, in such form and in such manner as the Secretary may prescribe. Any such claim shall be submitted not later than two years after the date of enactment of this Act, or not later than two years after the lowering of the level of water which is the basis for the claim, whichever is the later.

Claims.

SEC. 3. Payment of claims for losses compensable under this Act shall be made by the Secretary of the Army out of any funds available for navigation.

Approved July 2, 1958.

## Public Law 85-485

### AN ACT

To designate the main dam of the Solano project in California as Monticello Dam.

July 2, 1958  
[H. R. 9382]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the main dam of the Solano project in California, which is a reclamation project, shall hereafter be known as Monticello Dam, and any law, regulation, document, or record of the United States in which such dam is designated or referred to shall be held to refer to such dam under and by the name of Monticello Dam.

Monticello Dam,  
Calif.  
Designation.

Approved July 2, 1958.
