

Public Law 91-118

November 18, 1969
[H. R. 10595]

AN ACT

To amend the Act of August 7, 1956 (70 Stat. 1115), as amended, providing for a Great Plains conservation program.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 16(b)(1) of the Soil Conservation and Domestic Allotment Act, as amended, is amended to read as follows:

Soil Conservation and Domestic Allotment Act, amendment.

70 Stat. 1115.
16 USC 590p.

Great Plains conservation program.

“(1) the Secretary is authorized, within the amounts of such appropriations as may be provided therefor, to enter into contracts of not to exceed ten years with owners and operators of land in the Great Plains area having such control as the Secretary determines to be needed of the farms, ranches, or other lands covered thereby; but such contracts shall be entered into with respect to lands, other than farms or ranches, only where erosion is so serious as to make such contracts necessary for the protection of farm or ranch lands. Such contracts shall be designed to assist farm, ranch, or other land owners or operators to make, in orderly progression over a period of years, changes in their cropping systems or land uses which are needed to conserve, develop, protect, and utilize the soil and water resources of their farms, ranches, and other lands and to install the soil and water conservation measures and carry out the practices needed under such changed systems and uses. Such contracts may be entered into during the period ending not later than December 31, 1981, with respect to farms, ranches, and other lands in counties in the Great Plains area of the States of Colorado, Kansas, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Texas, and Wyoming, designated by the Secretary as susceptible to serious wind erosion by reason of their soil types, terrain, and climatic and other factors. The land owner or operator shall furnish to the Secretary a plan of farming operations or land use which incorporates such soil and water conservation practices and principles as may be determined by him to be practicable for maximum mitigation of climatic hazards of the area in which such land is located, and which outlines a schedule of proposed changes in cropping systems or land use and of the conservation measures which are to be carried out on the farm, ranch, or other land during the contract period to protect the farm, ranch, or other land from erosion and deterioration by natural causes. Such plan may also include practices and measures for (a) enhancing fish and wildlife and recreation resources, (b) promoting the economic use of land, and (c) reducing or controlling agricultural related pollution. Inclusion in the farm plan of these practices shall be the exclusive decision of the land owner or operator. Approved conservation plans of land owners and operators developed in cooperation with the soil and water conservation district in which their lands are situated shall form a basis for contracts. Under the contract the land owner or operator shall agree—

“(i) to effectuate the plan for his farm, ranch, or other land substantially in accordance with the schedule outlined therein unless any requirement thereof is waived or modified by the Secretary pursuant to paragraph (3) of this subsection;

“(ii) to forfeit all rights to further payments or grants under the contract and refund to the United States all payments or grants received thereunder upon his violation of the contract at any stage during the time he has control of the land if the Secretary, after considering the recommendations

of the soil and water conservation district board, determines that such violation is of such a nature as to warrant termination of the contract, or to make refunds or accept such payment adjustments as the Secretary may deem appropriate if he determines that the violation by the owner or operator does not warrant termination of the contract;

“(iii) upon transfer of his right and interest in the farm, ranch, or other land during the contract period to forfeit all rights to further payments or grants under the contract and refund to the United States all payments or grants received thereunder unless the transferee of any such land agrees with the Secretary to assume all obligations of the contract;

“(iv) not to adopt any practice specified by the Secretary in the contract as a practice which would tend to defeat the purposes of the contract;

“(v) to such additional provisions as the Secretary determines are desirable and includes in the contract to effectuate the purposes of the program or to facilitate the practical administration of the program.

“In return for such agreement by the landowner or operator the Secretary shall agree to share the cost of carrying out those conservation practices and measures set forth in the contract for which he determines that cost sharing is appropriate and in the public interest. The portion of such cost (including labor) to be shared shall be that part which the Secretary determines is necessary and appropriate to effectuate the physical installation of the conservation practices and measures under the contract;”

Cost sharing.

Sec. 2. Section 16(b) (2) of said Act is amended to read:

“(2) the Secretary may terminate any contract with a land owner or operator by mutual agreement with the owner or operator if the Secretary determines that such termination would be in the public interest, and may agree to such modification of contracts previously entered into as he may determine to be desirable to carry out the purposes of the program or facilitate the practical administration thereof or to accomplish equitable treatment with respect to other similar conservation, land use, or commodity programs administered by the Secretary;”

Termination of contract.
70 Stat. 1116.
16 USC 590p.

Sec. 3. Section 16(b) (7) of said Act is amended, to read:

“(7) there is hereby authorized to be appropriated, without fiscal year limitations, such sums as may be necessary to carry out this subsection: *Provided*, That the total cost of the program (excluding administrative costs) shall not exceed \$300,000,000, and for any program year payments shall not exceed \$25,000,000. The funds made available for the program under this subsection may be expended without regard to the maximum payment limitation and small payment increases required under section 8(e) of this Act, and may be distributed among States without regard to distribution of funds formulas of section 15 of this Act. The program authorized under this subsection shall be in addition to, and not in substitution of, other programs in such area authorized by this or any other Act.”

Appropriation.

52 Stat. 34.
16 USC 590h.
49 Stat. 1151;
52 Stat. 35;
68 Stat. 908.
16 USC 590o.

Approved November 18, 1969.
